Framework for Global Tax Strategy

The Ajinomoto Group encourages Group companies to conduct business in compliance with the tax laws of their respective countries, while also seeking to minimize tax risks, for which it formulated a Group Shared Policy on Global Tax in April 2016.

To ensure robust operations in line with the policy, the Group strives to identify appropriate tax practices by collecting self-assessments from Group companies and meeting regularly with each company.

In April 2018, the Global Finance Dept. was established to strengthen tax strategy management for the entire Group. The department strives to streamline tax procedures by sharing tax payment and tax audit information from different countries across the Group.
